The team at Uptown Cheapskate College Station is beyond thrilled to be the Eagle's Best Consignment/Resale Shop for 2020. We've been excited about the possibility of opening up in town for some time and to see it come to fruition has been a truly rewarding experience, especially with the warm reception from the folks in the Brazos Valley. It's our first year in town and having only opened in late January and then forced to close in March, we are extremely honored and grateful for this shout-out from the local community.

Uptown offers Texas' most complete selection of sustainable upscale fashion for guys and girls. Our staff curates the best in trendy, designer and vintage clothing and accessories from local vendors and select distributors nationwide and offers them on to shoppers at amazing prices. After winning

numerous awards in Austin, San Marcos and now BCS, it's clear we have a formula that hits home. The store is locally owned and operated and we tailor our inventory to include local, regional, national and even international favorites.

The focus at Uptown has always been on customer service and product selection. As such, the buyers pay close attention to what the community is looking for and adapt to customer demand. Popular lines include lululemon, Nordstrom, Madewell, Urban Outfitters, Nike, Anthropologie, Kendra Scott and many more. From boots and jeans to skirts and blouses to prom dresses and athletic wear, we have a little of everything including plus sizes. Our large sales floor gives us the flexibility to accommodate a range of styles popular with both Texas A&M students and other fashionable adults. Our staff is

trained to offer you the same level of service you would expect in any fine boutique.

While the resale experience is best suited to in-person shopping, Uptown College Station will be expanding online offerings this summer and fall to include new merchandise as well as unique vintage and designer offerings. We are also continuing to offer additional services to those needing accommodations during the COVID-19 pandemic including curbside pickup for both selling and shopping as well as virtual shopping tours.

We supplement our inventory with trendy basics and popular brands we buy in quantity at big discounts,

but the vast majority of our offerings are purchased directly from individuals in the Brazos Valley. We try to make selling to us as easy as possible and have a detailed explanation of the process on our website. Rather than offering consignment, where sellers are not paid until items sell and markdowns come out of their payout, we pay cash on the spot or a generous bonus for store credit that never expires. In addition, we offer tax-free same-day exchanges. Sellers with specific questions are welcome to message us or call and speak directly with one of our buyers.

The beauty of sustainable fashion is not only

finding unique items at amazing prices, but our environmentally friendly business model keeps millions of pounds of textiles out of the landfill every year. For items we don't buy, we offer a tax-deductible donation option that supports two incredible charities: The Military Order of the Purple Heart, which supports disabled veterans, and buildOn, which builds schools in third world countries.

We look forward to finishing out our first year in Bryan-College Station with the Aggies back in town, hopefully with no further interruptions! Visit us any time at
